Recyclables may be placed in any solid container (not more than 3 feet wide) or paper bag. You may also use a separate garbage can (32-gallon maximum capacity) clearly marked “**RECYCLING**” or with a large “**R**” on the **SIDE** of the can and pointed toward the road so it is not mistaken for garbage. It is important that “**RECYCLING**” or a large “**R**” is on the side of the can so that the driver can see it from the road, as he only pulls over and stops the truck if it’s obvious that there is recycling to be picked up. Please remember that we cannot accept any recyclables (including newspapers) in plastic bags. Thank you!

Items we are currently able to accept for recycling include the following:
